Subject: On-Site Inspection  
Site Name: Sanyo E & E Corporation (1767 Sheridan Street)  
Cerclis ID No.: IND087032207

Dear Ms. McNabb:

Roy F. Weston, Inc. (WESTON) has been retained by the U.S. Environmental Protection Agency (U.S. EPA) under contract 68-W8-0089 for the purpose of evaluating candidate sites for the National Priorities List under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), and the Superfund Amendments and Reauthorization Act (SARA).

Information supplied to the U.S. EPA through CERCLA notifications as required by Section 103(c) of CERCLA has identified the property in question as a possible candidate for the National Priorities List. As part of our evaluation, the U.S. EPA has asked us to perform an on-site inspection of the property. This is the reason for our request to visit your facility the week of 10 February to 14 February 1992. We will call you during the week of 3 February 1992 to confirm receipt of this letter and arrange an exact day and time of our visit.

I have included a copy of the letter of introduction provided by the U.S. EPA for WESTON employees associated with the field investigation work, which outlines the statutory basis for these inspections. I have also provided a list of the type of information we will be requesting during our visit to your site. As this list was prepared for a number of sites in the South Bend area that we will be visiting, not all of these questions may apply to your property.

If you require additional clarification, Ms. Colleen Hart, Work Assignment Manager of the U.S. EPA, can be contacted at (312) 886-3009 regarding WESTON's visit to your site.

If you require additional information, please do not hesitate to call me.

Very truly yours,

ROY F. WESTON, INC.
